

MASTER SANITATION PROGRAM

CBV/SN/DOC/2.1-00

The Management of La Sentinelle Group is committed to ensure the highest standards of sanitation to the physical structure, equipment and all areas of our business facility.

To do so, we shall

- Train our sanitation staff on a regular basis
- Include job skills, job safety and product safety in our training programs
- Ensure that cleaning assignments are based on skill
- Undertake cleaning (three times a day for all sanitary conveniences and one overall cleaning daily)
- Work according to SOP's that define the correct methods and procedures for each task
- Ensure accountability and traceability of cleaning and sanitation staff and
- See to it that cleaning procedures are designed and ordered to prevent potential contamination of product or re-contamination of cleaned areas
